AI Club x Rincon del Sol

First AI Club Social Event!

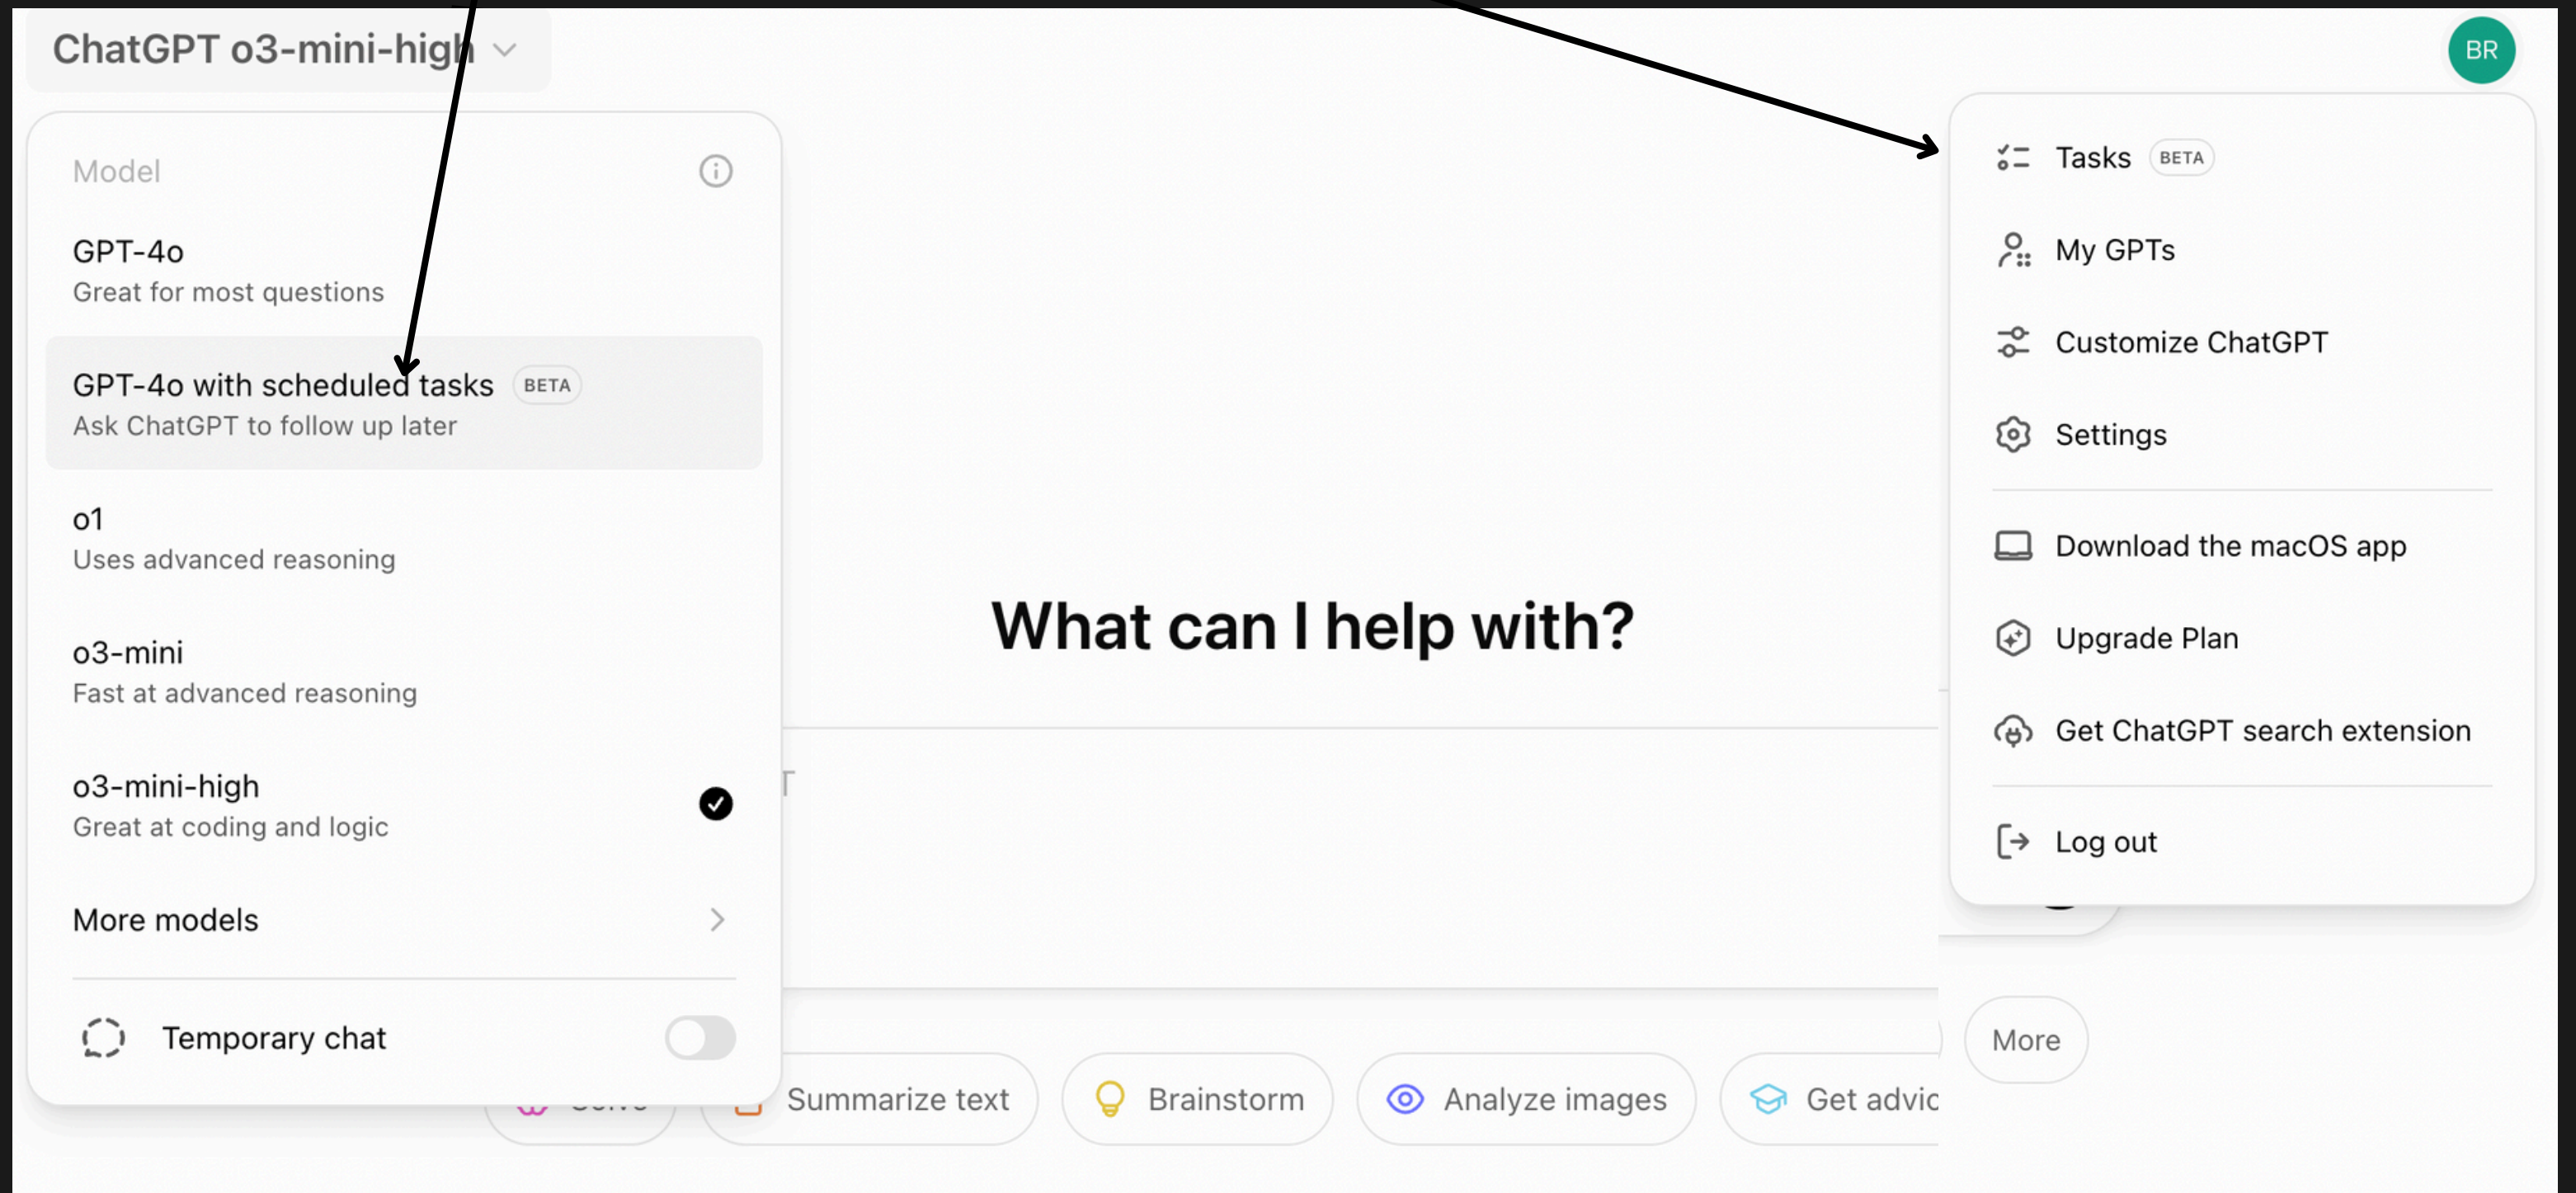

- Thursday, February 27th
 - 6:30-9:00PM
- 20% of sales
- All are welcome
- RSVP -->

The background features abstract white wavy lines that create a sense of motion and depth. These lines are concentrated in the top right and bottom corners, framing the central text. The lines vary in frequency and amplitude, giving the design a modern, fluid appearance.

AI NEWS: CHATGPT TASKS

HOW TO ACCESS

ChatGPT Tasks

Reminders

- Personal Life: Set reminders for birthdays or regular plant watering.
- Work Tasks: Schedule reminders for monthly expense submissions or client follow-ups.
- Household Chores: Use reminders for trash collection days or biannual HVAC filter changes.

Scheduled activities

- Personal Life: Set reminders for birthdays or regular plant watering.
- Work Tasks: Schedule reminders for monthly expense submissions or client follow-ups.
- Household Chores: Use reminders for trash collection days or biannual HVAC filter changes.

Check lists

- Travel Preparation: Create a packing checklist—passport, charger, toiletries, clothing.
- Project Management: Outline project steps: research, draft, review, submit.
- Daily Routines: List morning or bedtime activities—meditation, exercise, breakfast prep.

AI NEWS: GROK 3

WHAT IS GROK

The logo for X Grok, featuring a stylized 'X' icon followed by the word 'Grok' in a bold, sans-serif font.

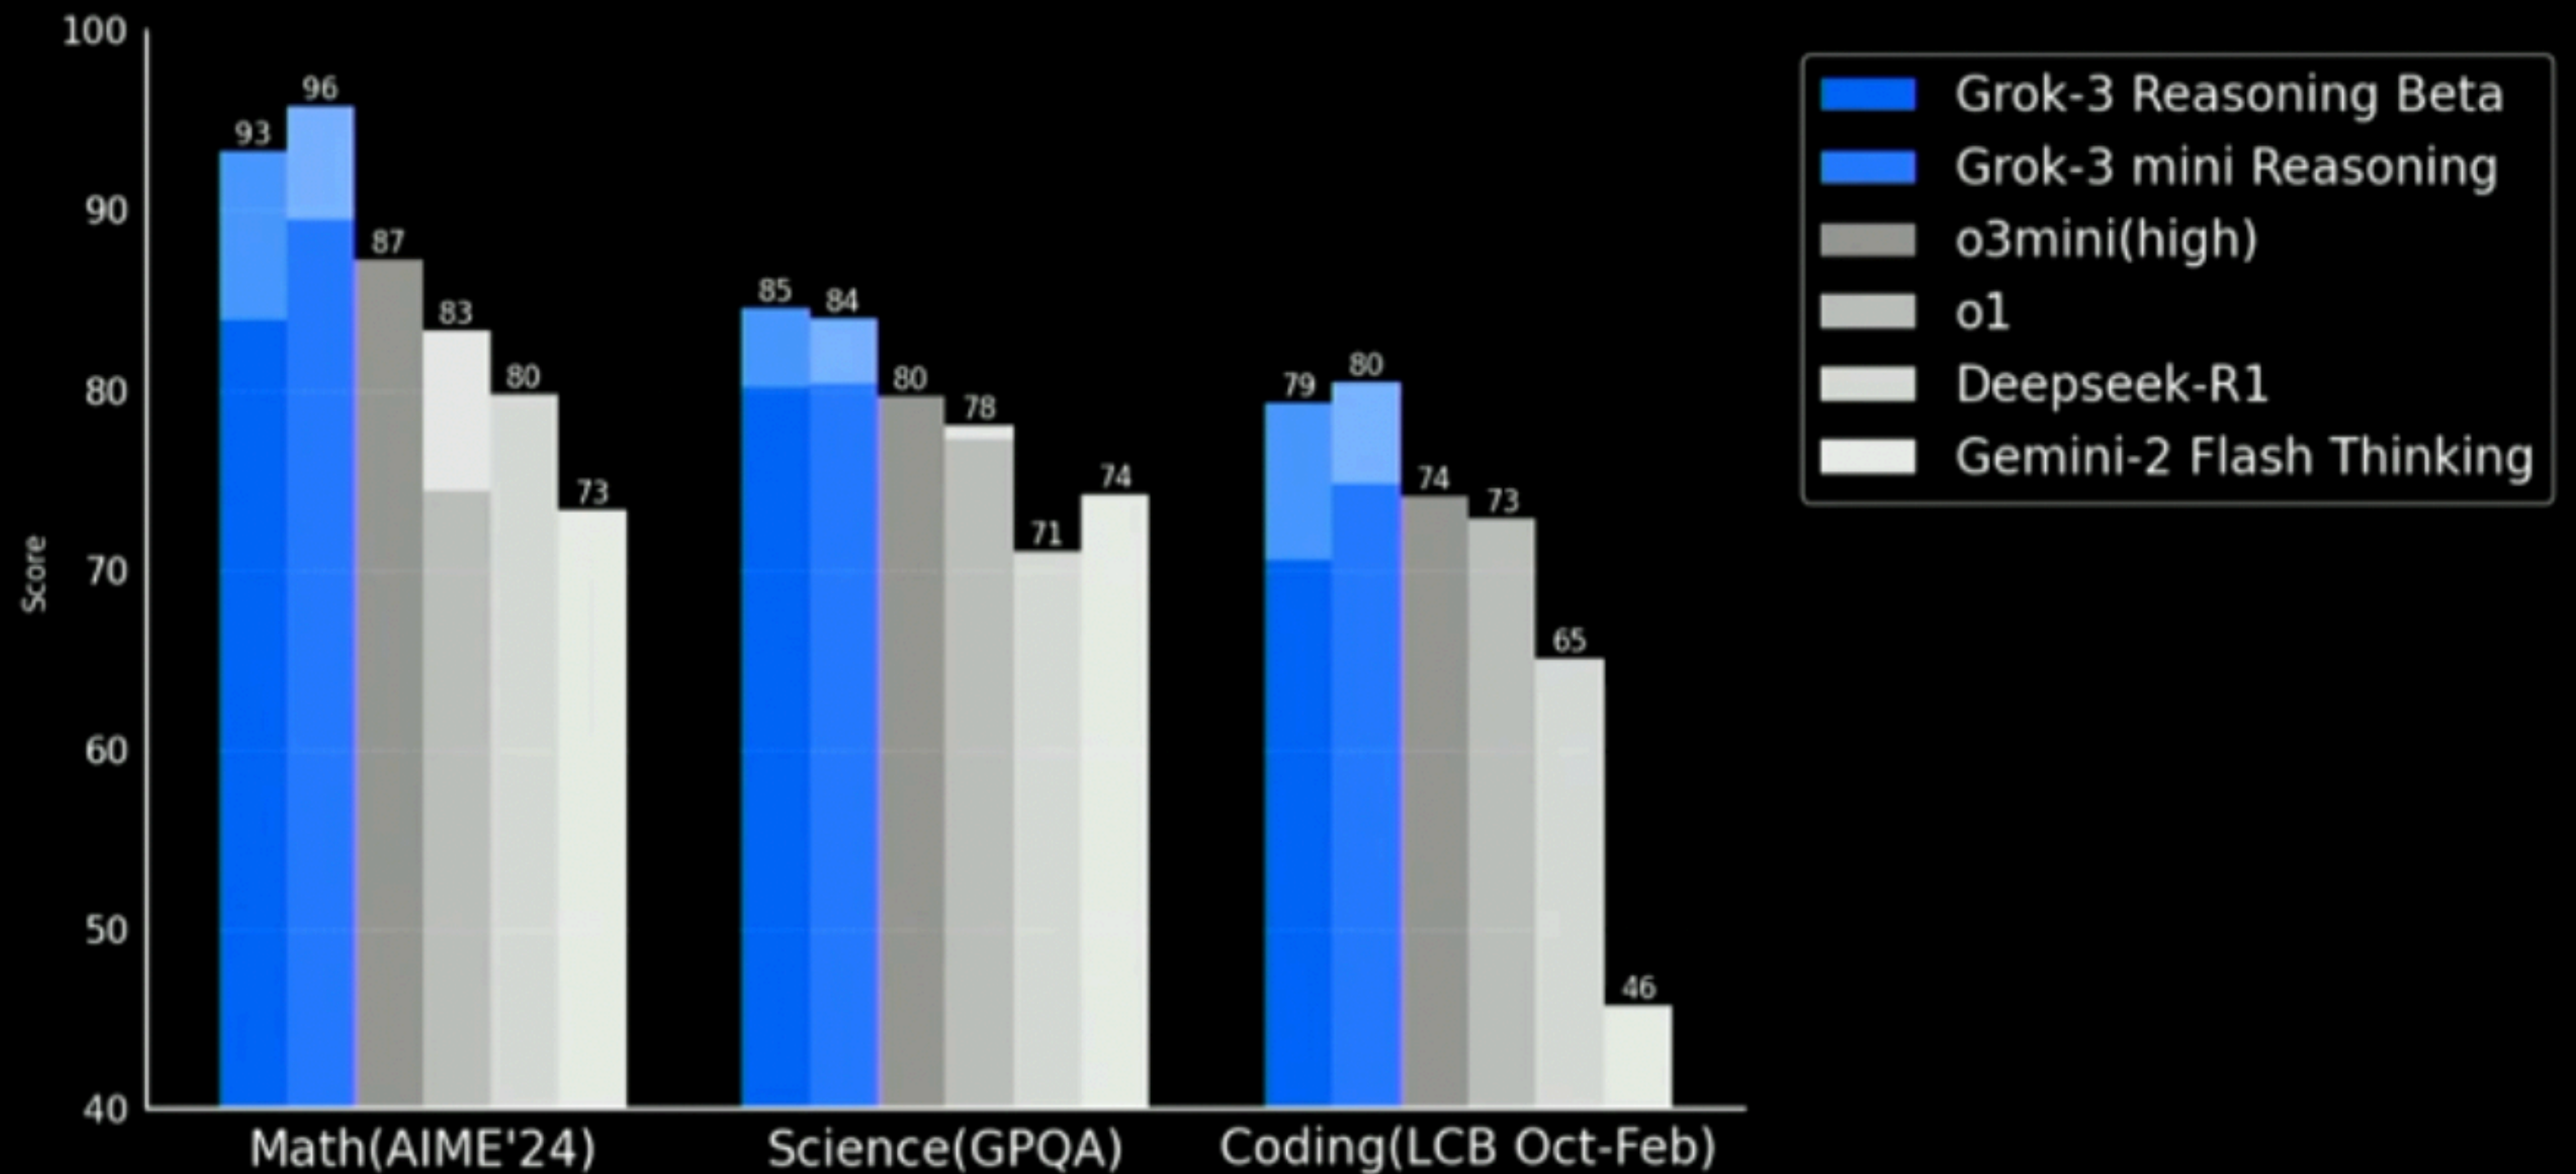

- An AI assistant developed under Elon Musk's ventures.
- Designed for enhanced conversational capabilities and deep context comprehension.
- Fewer restrictions than ChatGPT

- Grok 3 demonstrates enhanced logical capabilities and contextual understanding
- Beta launched this morning on X premium+ for \$40 a month
- Early tests show it outperforms other leading chatbots in accuracy and insight

- Esc to Close

PROMT ENGINEERING

What is prompt engineering?

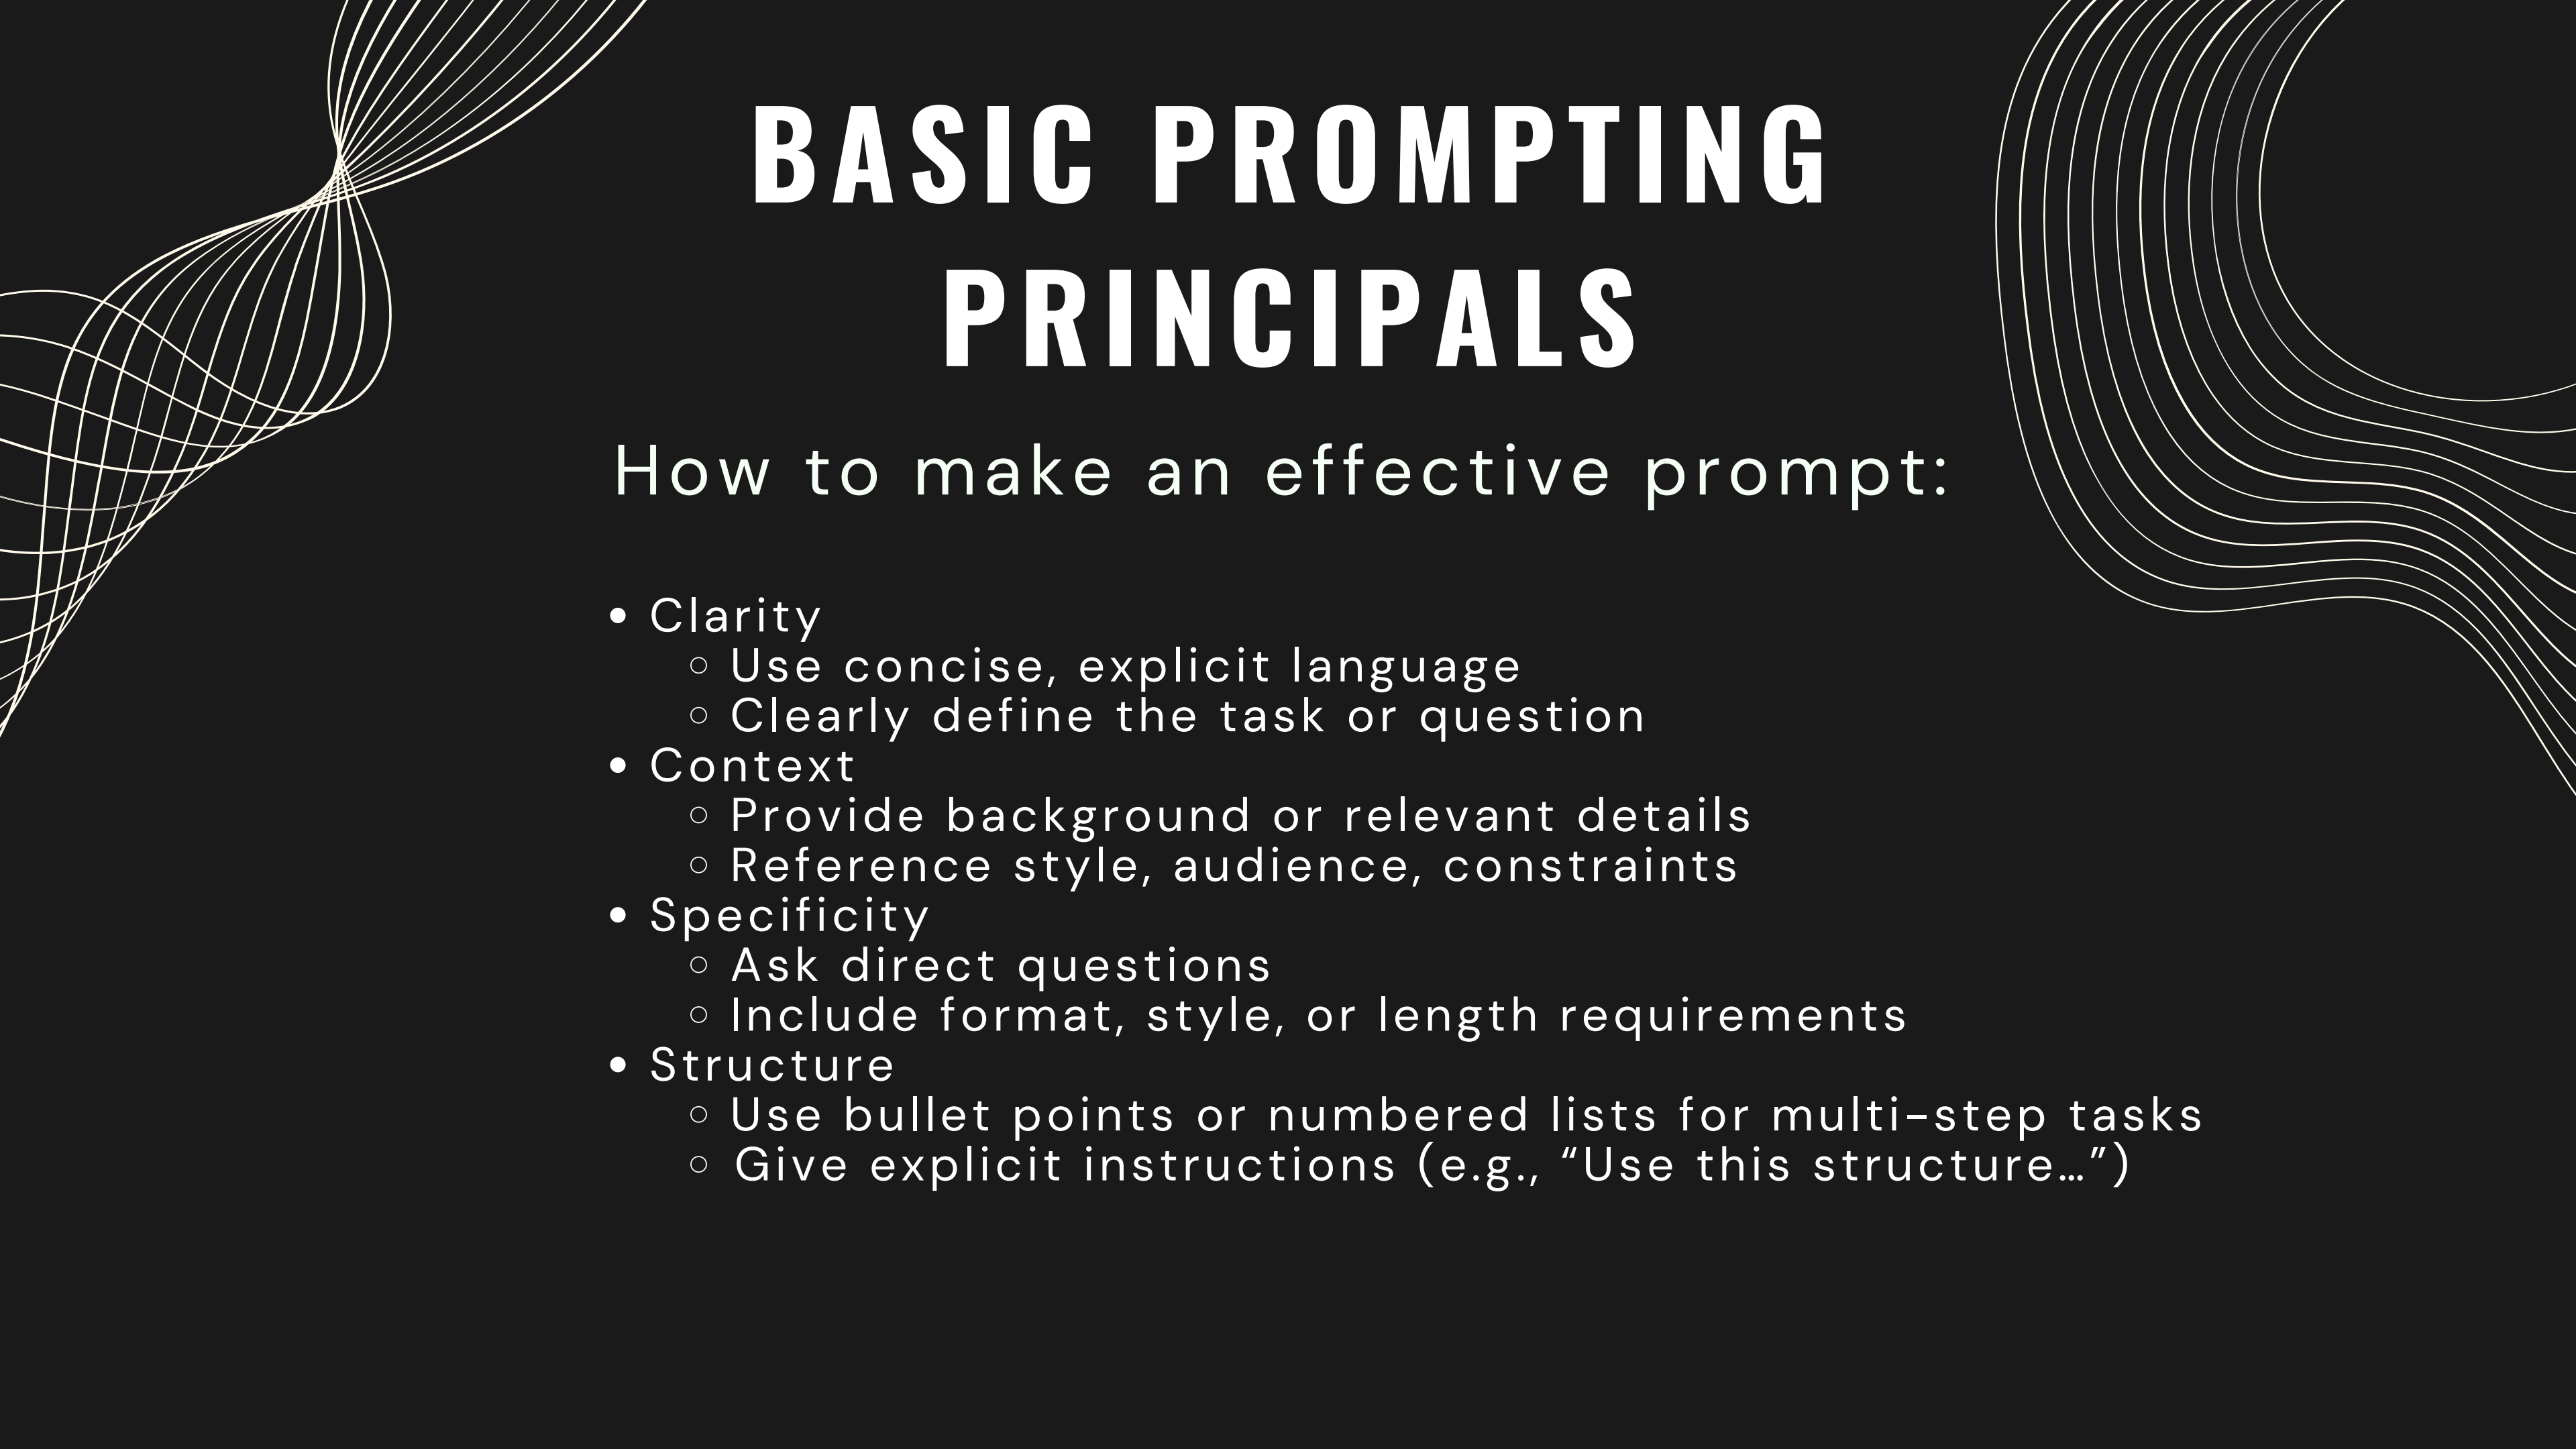

- Crafting effective prompts to guide LLMs to produce desired outputs
- Prompt engineering maximizes the capabilities of LLMs and to reduce bias and inconsistent information

PROMPTING LLMS

What happens when you prompt a Large Language Model?

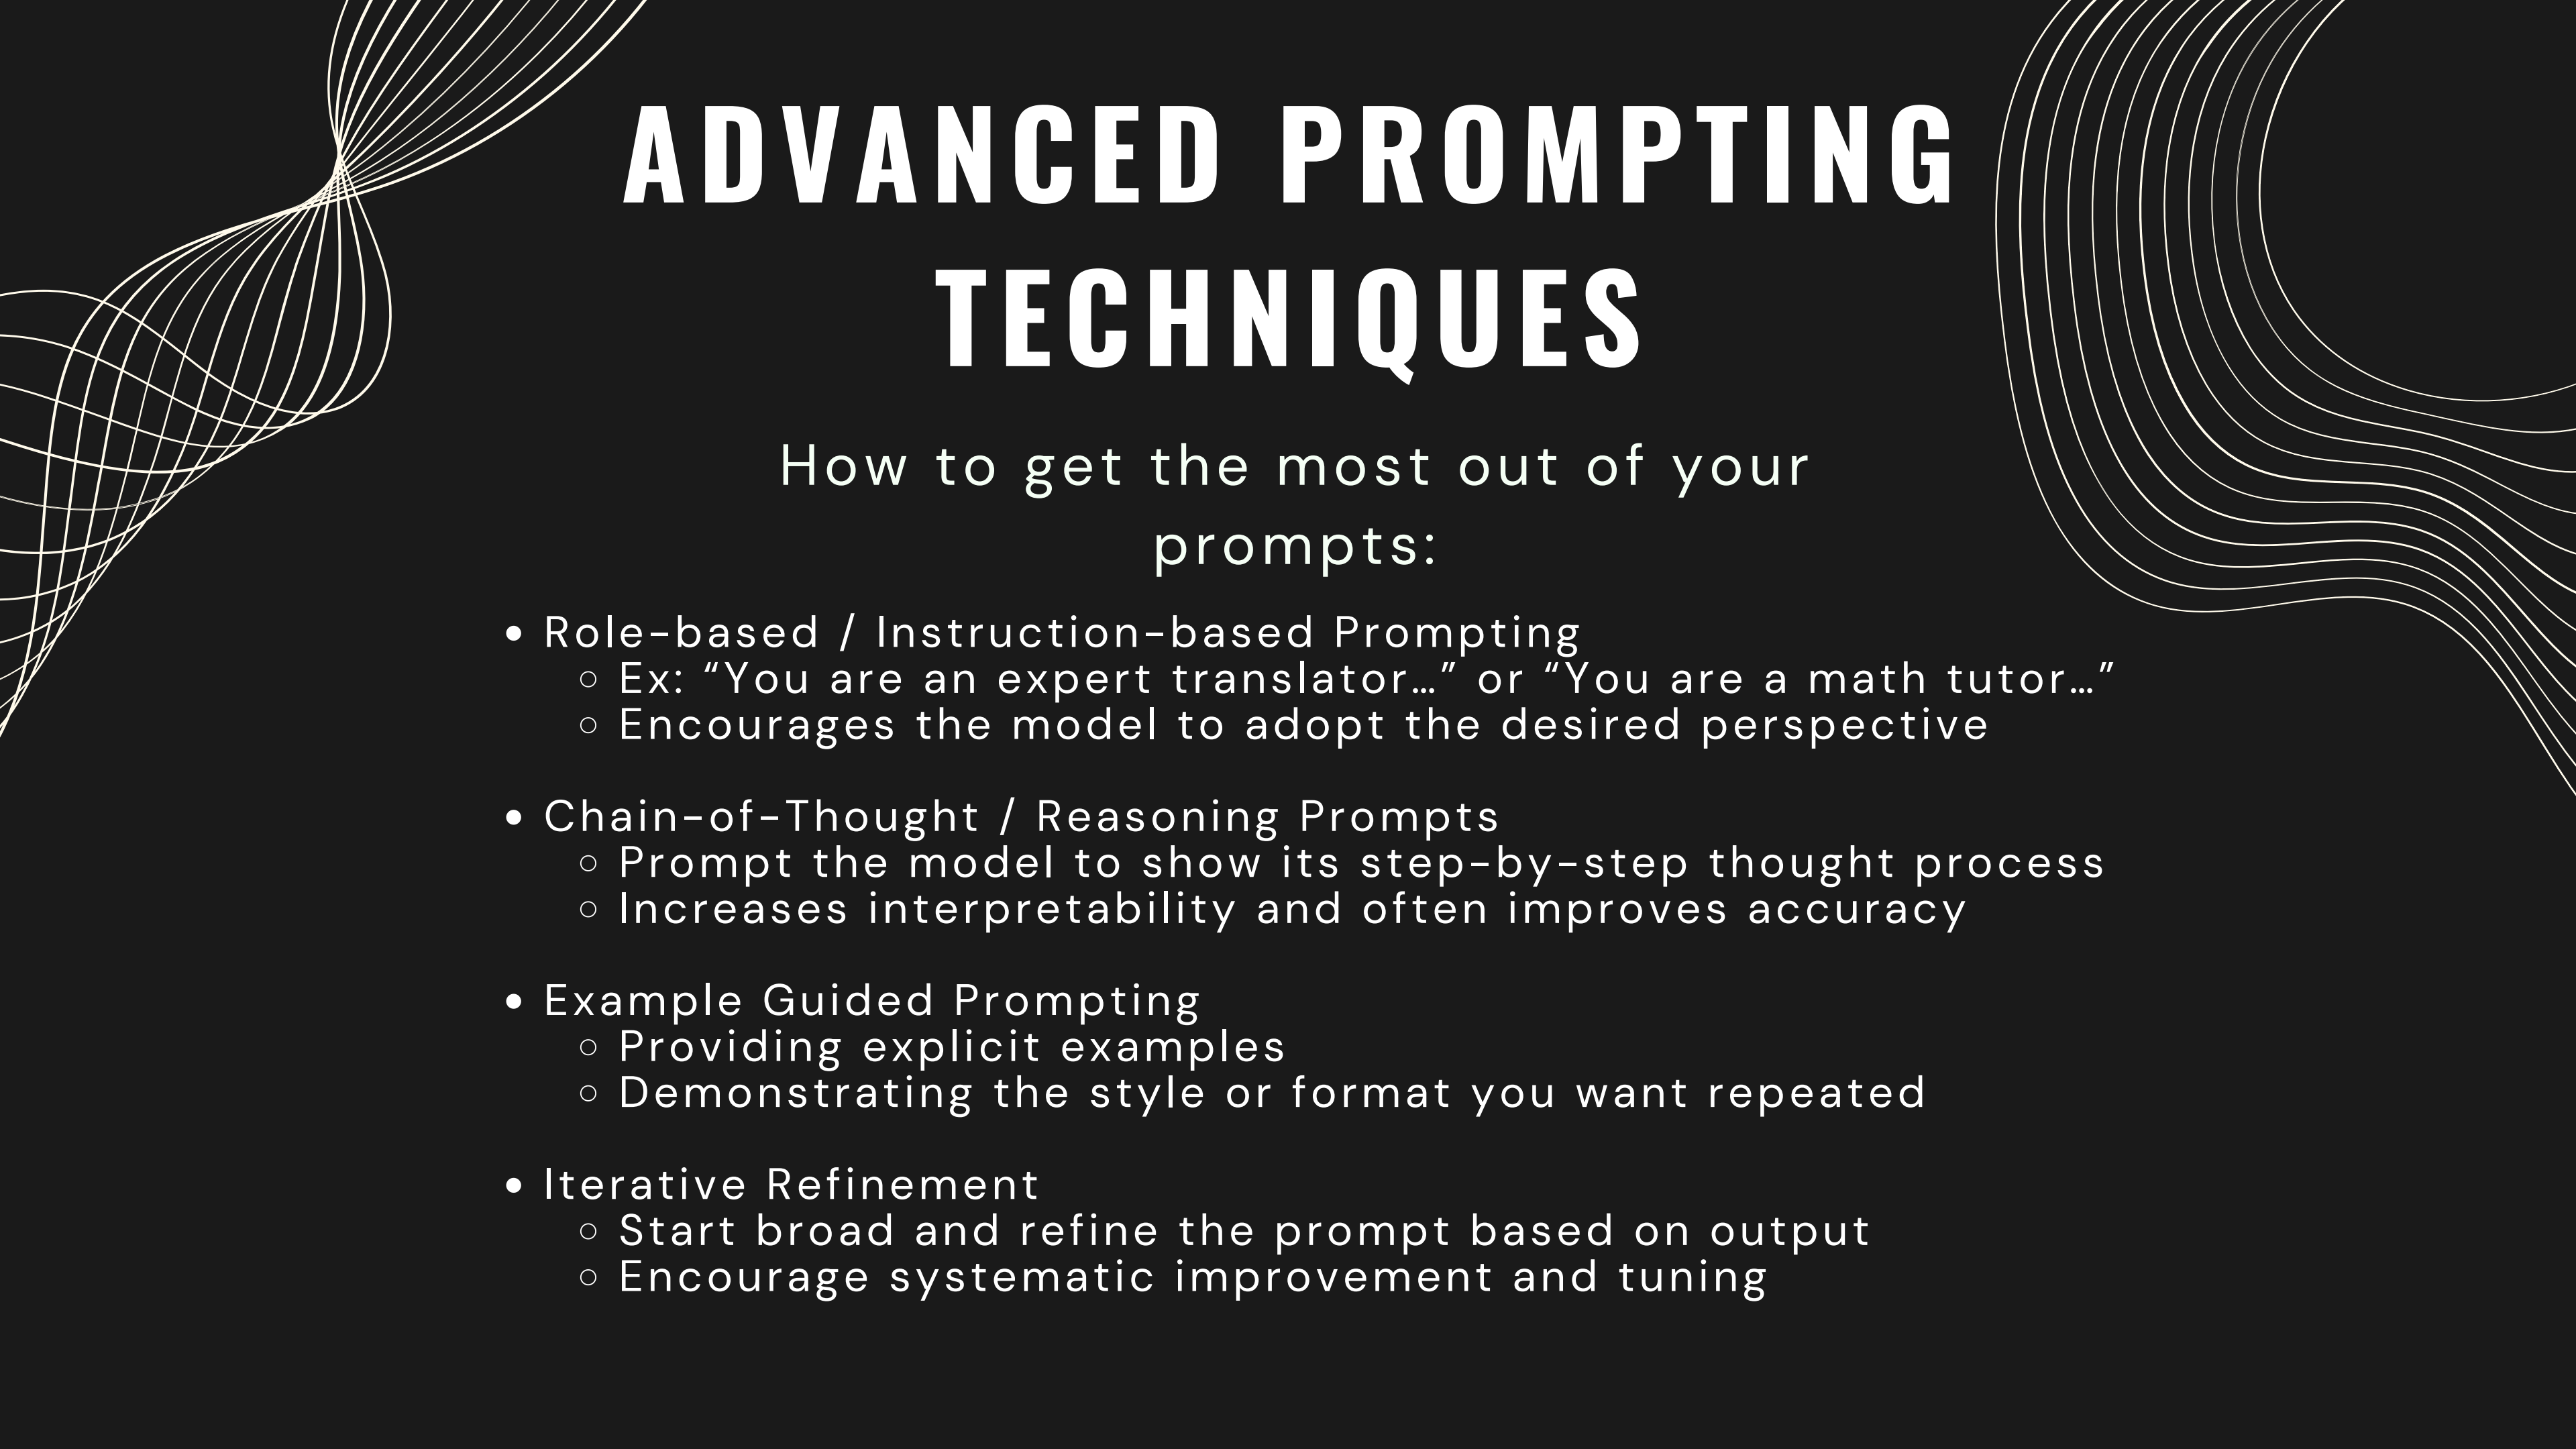

- 1) You provide a prompt to the model ex: a question, a set of instructions, or context
- 2) The LLM reads and interprets the prompt
 - The neural network has “learned” parameters that are based on statistical patterns of how words and concepts flow together
- 3) The model predicts the next token (fragment of text) that most likely follows the prompt
 - This process repeats token by token, building an answer or response sequentially
- 4) User can refine or rephrase their prompts based on the model’s responses
 - This “feedback loop” helps guide the model to produce more accurate or more creative outputs

BASIC PROMPTING PRINCIPALS

How to make an effective prompt:

- Clarity
 - Use concise, explicit language
 - Clearly define the task or question
- Context
 - Provide background or relevant details
 - Reference style, audience, constraints
- Specificity
 - Ask direct questions
 - Include format, style, or length requirements
- Structure
 - Use bullet points or numbered lists for multi-step tasks
 - Give explicit instructions (e.g., "Use this structure...")

ADVANCED PROMPTING TECHNIQUES

How to get the most out of your
prompts:

- Role-based / Instruction-based Prompting
 - Ex: "You are an expert translator..." or "You are a math tutor..."
 - Encourages the model to adopt the desired perspective
- Chain-of-Thought / Reasoning Prompts
 - Prompt the model to show its step-by-step thought process
 - Increases interpretability and often improves accuracy
- Example Guided Prompting
 - Providing explicit examples
 - Demonstrating the style or format you want repeated
- Iterative Refinement
 - Start broad and refine the prompt based on output
 - Encourage systematic improvement and tuning

Example 1:

Write an email asking my professor for an extension on assignment 3. My reason for needing this extension is I just have too much work this week and won't be able to finish it on time.

Subject: Request for Extension on Assignment 3

Dear [Professor's Name],

I hope you're doing well. I wanted to reach out to request an extension on Assignment 3. I have a particularly heavy workload this week, and despite my best efforts to manage everything, I don't believe I'll be able to complete the assignment on time.

If possible, I would really appreciate an extension. Please let me know if this would be feasible and if there are any conditions I need to meet. I understand the importance of meeting deadlines, and I'll do my best to submit the assignment as soon as possible.

Thank you for your time and consideration. I appreciate your understanding.

Best,

Max Lane

EXAMPLE 2:

PROMPT:

YOU ARE A HIGHLY RESPONSIBLE AND PROFESSIONAL COLLEGE STUDENT WHO ALWAYS SUBMITS ASSIGNMENTS ON TIME. HOWEVER, DUE TO AN OVERLOAD OF WORK THIS PARTICULAR WEEK, YOU ARE UNABLE TO COMPLETE ASSIGNMENT 3 BY THE DEADLINE. WRITE A POLITE, EMPATHETIC, AND PERSUASIVE EMAIL TO YOUR PROFESSOR, REQUESTING A 48-HOUR EXTENSION WHILE MAINTAINING A PROFESSIONAL YET APOLOGETIC TONE. THE PROFESSOR DOES NOT KNOW YOU PERSONALLY, SO YOU NEED TO MAKE A STRONG, RESPECTFUL IMPRESSION. EXPRESS UNDERSTANDING OF DEADLINES AND CLASS POLICIES, WHILE REASSURING THE PROFESSOR THAT THIS IS AN ISOLATED INCIDENT AND THAT YOU ARE COMMITTED TO COMPLETING HIGH-QUALITY WORK. KEEP THE EMAIL CONCISE AND STRUCTURED, AND END BY THANKING THE PROFESSOR FOR THEIR TIME AND CONSIDERATION.

OUTPUT:

Subject: Request for 48-Hour Extension on Assignment 3

Dear Professor [Last Name],

I hope you are doing well. I am reaching out to request a 48-hour extension on Assignment 3, which is currently due on [due date]. I take deadlines seriously and always strive to submit my work on time, but due to an unusually demanding workload this week, I am struggling to complete the assignment to the best of my ability.

I understand and respect the importance of maintaining deadlines, and I sincerely apologize for this request. This is an isolated situation, and I remain fully committed to producing high-quality work for your class. An extension would allow me to submit an assignment that reflects my best effort and understanding of the material.

I greatly appreciate your time and consideration, and I understand if an extension is not possible. Please let me know if there are any alternative options. Thank you for your time, and I look forward to your response.

Best regards,

[Your Full Name]

[Your University]

[Your Student ID (if applicable)]
